SANTA TRESA

Insieme Orange Bianco Terre Siciliane IGP

Insieme translates as “together” and celebrates time with friends and family. Our orange wine brings together Inzolia and Zibibbo organic grapes to create a delicious, fruity and fresh wine.

Grapes Inzolia and Zibibbo (80%-20%)

Harvest Hand harvested in mid-September into small crates.

Vinification The grapes are crushed, destemmed and then vinified separately. The wine is vinified on the skins at a controlled temperature of between 17 and 19 °C. The Inzolia is macerated for 2-3 weeks and the Zibibbo for 6 weeks with daily, light punching down during the 7-10 days of fermentation. This is followed by racking and ageing on the lees for 3-4 months. After fining, the two wines are blended together, filtered and bottled.

Tasting notes An intense yellow colour, with tints of coppery orange. On the nose there are notes of citrus fruits, grapefruit, lemons, with hints of spice, balsamic, white pepper and mint. On the palate there is an excellent structure, with lovely fruit flavours, all supported by good balancing acidity, giving it an attractive freshness.

To serve A highly versatile wine, it can only be consumed as an aperitif and is perfect in combination with fish dishes with oriental scents and pasta.

Insieme is from Sicily, where warm climate and fertile soils create interesting wines with typical Sicilian exuberance and infectious love of life.
